Sir,

With reference to your memo No L 114 dated 10-10-1946 forwarding the petition of Kalamma wife of Karimane Lingachari, resident of Arle village, Krishnarajanagar taluk for a detailed report in the matter, I have the honour to state that a similar petition was received by the Deputy Commissioner from the said Kalamma and the matter was fully enquired into thereafter the husband of Kalamma, Lingacharu filed a similar petition through his counsel Mr P Puttu Rao, B , LL B , Advocate, Mysore against Messrs 1 D Kote Gowda, Vice President and Bore Gowda, Kale Gowda and Sannappa of Arle under Section 34, 35 and 36 of Minor Municipalities Regulation

This petition was also enquired into and as it was found that the allegations were all baseless and incorrect, an endorsement was issued to the party in No D3 C 2226 dated 24-1-1947, stating that all his allegations are found to be unfounded and that therefore his petition calls for no action

The petitioner Kalamma and her husband Lingachari are making these reckless allegations to gain their own ends by unjust means and their petitions call for no action

The copies of the detailed report of the President, Minor Municipal Council, Arle dated 20-10-1946 and 2-1-1947 and a copy of the endorsement issued to Lingachari on 24-1-1947

rules & Sama Lakshman without obtaining a license and he has also been running a cart manufacturing shop in that hut long after the grant & the aforesaid Lingachari appears to have paid an advance of Rs 15/- in respect of another site no 62 measuring 10 ft x 5-0 on 3 7 1963 and the amount was received by the then vice president Sri Sahukari Kotte Gowda the party does not care to pay the balance & the application in respect of the site nor did he apply to the municipal council for formal grant & the site (no 62) to him and he has been raising gola and other crops unauthorisedly on the land in violation for building purposes He was warned several times not to raise any crops on the building site and to give up site no 62 The warnings have had no effect

It would appear from the records that no individual was granted more than two sites and that there has been demands for sites in the extension As Lingachari was not really in need of three sites ~~extension~~ he was sent for both by the vice president and myself in the presence of the Councillors and was told that if he does not vacate the site he would be forcibly evicted therefrom under the Rules He had no heed to our warnings but continued to occupy the land unauthorisedly as heretofore

As you are aware Sri Lakshmi Gowda has donated about Rs 5000/- for constructing a Maternity Home at Gulbarga Govt have sanctioned a grant of Rs 4000/- It is proposed to demolish the building adjacent to the Local Fund dispensary As the vacant place

is not sufficient for putting up the building proposed are under submission to acquire the house & site of Boraluge Gowda This person has applied for site No 62 His application was considered by the Municipal Council at their meeting held on 26 & 28 and 29th and the Council resolved that site No 62 may be granted to Mr Boraluge Gowda that Lingachari shall be evicted from that site and that the advances received from him in respect of that site shall be repaid to him A notice was accordingly issued on 4 August this notice he has not given up the site

I am of opinion that the petition of Lingachari does not deserve any consideration His behaviour is very unruly and the Municipal officials tell me that he threatens them that he would assault them if they tried to interfere with the site The allegations made in the petition are unfounded malicious and are calculated to cover his own serious defaults altogether Calls for severe action and any concession that may be shown to him would but encourage him in his unauthorised acts and his flouting of municipal rules and would thereby endanger the prestige and the privileges of the Municipal Council His comments on the acts of the Municipal Councillors may be brushed aside as unworthy of notice The present vice President of the Municipal Council Mr S Hole Gowda is a young and energetic gentleman who tallies with the

Sir

With reference to your memo no D3 Pet 15-89/46 of 30 12 46 calling for a detailed report on the petition of Lingachar s/o Athaja char residing in Town K.R. Nagar setting forth certain allegations on the Vice President and certain Municipal Councillors of Town I beg to invite Your reference to my letter no HC 46/46-7 of 12 10 46 in which I have made a detailed report on the several points raised in a similar petition submitted by Lingachar The present petition does not contain any fresh facts I have nothing to add to my previous report which is fully explanatory The petitioner is a rowdy and is not amenable to reason

tory in the same place where my

The allegations made in the petition against the Municipal Councillors are unfounded, baseless and false and are calculated to cover his several acts of omission and commission. I am strongly of opinion that the petitioner does not deserve any consideration. I have been received a report that he used abusive language towards our Municipal officials and threatened to assault them who when they went to [redacted] mark out the plot No 62 and to give it to the possession of the grantee there of on Boravanje Gauda. I have addressed the local police to give necessary police help to the Municipal officials and to make necessary bundobust. I strongly feel that the petitioners defiant attitude calls for very severe action, and the least concession that may be shown to him will lead to a heavy pressure on his unauthorised acts of encroaching Municipal roads thereby endangering the prestige of the Municipal Council. I beg to submit that his comments on the Municipal Councillors in particular and of the people of Ullal in particular should be branded as unworthy of notice.

The statement made in para 2 of the petition that the villagers in order have to come and settle in Ullal and moreover no support etc is not true. From enquiries made

in Ovule, I am given to understand that owing to his bad character he was forced to leave his former place of residence by Chattanooga and came and settled himself in Ovule, his own accord

The statement made in para 3 that he is the only Black man living in Ovule is again incorrect as there are more than a dozen families of black men and can therefore reside at this place

Re the statement in para 4, I would reference to my previous letter of 2 10 46 he is in possession of Sale no 62 unauthorizedly and this does not give him any right to permanently occupy it

As regard para 5 the insinuation made against the Commercial Commissioners that they deserve Canto & Sunday Worker should be dare keep to them as is very unfair as the Commissioners of Ovule are big land lords who would not stoop to asking the petitioner for this small concession the illegality in the 11 portion of the land para 6 that the Vice President desires to know of Sale no 62 as unfounded as it is taken this sale has been granted by the Commercial Council & for 3 or a huge family whose home is enclosed to our acquiring for pulling up a Matrimony home the power has been vested in Ottawa in my previous

The Dewan of Mysore,

Bangalore, Camp Mysore

Most Respected Sir,

I, the undersigned, Kalamma, wife of Karkhane Lingachari, resident of Mirle Village, Krishnarajanagar Taluk, beg to submit the following few lines to your - gracious and generous consideration and favourable orders

Myself, my husband and my children were all living comfortably at Jayapura, Mysore Taluk running a cart-making Factory which was our profession for livilihood My father, Gadi Karkhane Ramachar who was living by the same profession at Mirle passed away and two of his friends, Appaji Gowda and Shamegowda of that place came to Jayapura and told us that after my father's death, there was none else who could undertake manufacture of good carts in Mirle and induced us to go with them with our bag ~~and~~ ard baggage and settle down at Mirle, as the people of Mirle were experiencing great difficulty for want of a good cart-making professionals They also assured us that they would help us in securing permanent housing and other facilities We, after careful thought agreed to shift ourselves to Mirle, as desired by them These gentlemen helped us to convey our family with things both of household as well as our cart-making Factory We had to transport all the wooden materials of the Factory in 32 bullock carts brought by these gentlemen We went to the village 12½ years back and we were helped to locate the Cart Factory in the same place where my father was running his Workshop This place belonged to Subbe Gowda

After a lapse of 4 years, it happened that my eldest daughter was betrothed to one Cheluvacharya, cousin of Appajacharya, a Palace Contractor of Mysore When

P T O

When my relations and others assembled for the occasion of the betrothal ceremony, my good friends of Mirle namely M/s Puttegowda, Ramegowda, Gowdegowda and Subbegowda - took the entire respensibility of extending a befitting welcome to them all and both bore the burden of the ceremony on themselves This is an evidence of the love and attachment the villagers have towards us After this occasion, we applied to the Vice-President, Mr Laxme gowda of Mirle Municipality to grant us four sites to construct a dwelling house and also to locate our workshop, in the new extension We were granted the sites, and we were also to pay the value thereof in instalments We put up a hut there for our dwelling and located the workshop We continued there for about 8½ years Before we came over to Mirle, we had purchased two sites at Bilikere, Hunsur Taluk One of these sites was acquired by the village panchayat and this fact was brought to the kind notice of the Deputy Commissioner in a petition dated 28-11-39, requesting for the confirmation of the sites given to us at Mirle in lieu of the site acquired at Bilikere After sometime Mirle Municipality took back two sites out of four granted to us and gave them to others We protested against the grant of two sites to Javare Gowda and Linge Gowda depriving us of the same Then Mr Puttegowda a member of the Municipality came to the place explained the reason for taking these two sites to our satisfaction and in lieu thereof the Municipality granted site No 62 with a drection to have a fencing all round We put up a fencing at a cost of P 200/- Immediately after this, we paid Rs 50/- to the Municipality as the first instalment towards the value of the sites and informed the same to the Deputy Commissioner in a petition dated 27-1-40 Another instalment of Rs 50/- was paid on 30-1-41 to the hands of the then Vice-President Laxmegowda and receipts Nos 54 and 55 were obtained Mr Puttegowda then became

the

the Vice-President and during his time I paid Rs 36/8/- in full payment of the value of site No 64, the value of 63 having already been paid in full A sum of Rs 15/- was also paid as an advance towards site No 62 lately granted to me Arrears of kandyama upto that date on the sites were also paid and necessary receipts were obtained for all the payments made On 9-3-1941, a petition to the Deputy Commissioner was presented by my husband in person requesting for the confirmation of the sale in my favour of my husband of these sites

One Mr M S Potegowda became Vice-President of the Municipality later At that time one Mr Boregowda with two others Messrs Ramegowda and Durappa began to give us trouble and began harassing for free service in our workshop Since we could not oblige them, they began - creating parties against us and caused a sudden issue of a notice (copy enclosed for kind information) from the Municipality to the effect that the site No 62 was resumed and granted to another man and that we should take back the advance given towards that site It was here that the trouble began between us and the Municipal Office-bearers They began to induce our customers not to resort to our workshop and they also managed to stop the issue of kerosene oil etc , to us They tried practically to isolate us from the other inhabitants of village They never allowed our "Miras" at Sri Anjeneeyaswami Para while others of our community got the same They did not even allow us to offer our worship at the Jathras of Pulasamma and Sri Ramadevaru We were begun to be treated as out-castes an all ways We tendered the balance of value due on site No 62 which was refused by the Vice-President as he said that ths has been allotted to some other man We petitioned about this to the Amildar, Krishnarajanagar Taluk, who held an enquiry on 14-6-46, when Mr Puttegowda former Vice-President explained to the Amildar that the

P T O

that the site No 62 had been ~~ordered~~ allotted to my husband and that the balance of money tendered should be received Amildar also said that the amount had to be received But the Vice-President did not give effect to the - Amildar's opinion, and issued a notice dated 1-7-46 stating that the workshop had to be stopped and the fencing round the site should be removed It was mentioned in the Notice that the workshop was a source of nuisance to the village causing insanitation and malaria etc It was also stated that steps would be taken against us according to Municipal rules, if the instructions in the notice are not attended to This notice caused us much grief and fear and we were thirking as to what - should be done All of a sudden one day a Municipal peon approached our premises at about 10 A M in the absence of my husband, with some scavengers and began to remove the fencing of the site No 62 I and my daughters were engaged in worshipping and other domestic duties, when I saw Mr Ramegowda on the scene I requested the party not to remove the fencing and ~~and~~trespass our premises in the absence of the Yejman of the family I obstructed the party in their action but Ramegowda remonstrated at this and warned those people that their salary would be stopped, if they did not push on with their work They removed the fencing but by the grace of God just at that time we were given to understand that Sub Division Officer and the Amildar were camping at the T B where I and my children went and represented our distress and the havoc done to our place Meanwhile my husband also returned and seeing the havoc ran up to the T B and reported every things to the Officers They took an application from him and after inspecting the spot said that an endorsement would be issued after going through the records I regret to say that nothing has been done till today On the very night there was a clique among those people in the village

to arrnge

to arrange to murder my husband and throw him away in the channel nearby We got a scent of this and my husband - fled away for fear of hislife leaving his family of 8 souls unprotected, to the mercy of the Almighty I and my children Sir, are now under the mercy of these tyrants who are bent upon smashing to pieces all of us We are left without food and proper shelter and our property is exposed to danger Even our own neighbours have turned against ~~at~~ us at the instigation of the so-called Office-bearers We were not able to know the whereabout of my husband and were placed in a fit of dilemma as to how we have to sustain our lives till help came to us We are tired of this life In the neighbouring village a woman under similar circumstances drowned herself with her 5 children which fact is evidenced by Police record I, however, took courage and left my children at the place and went out in search of my husband from village to village and at last came to Mysore where I found him living at Kalamma Temple under the care of the Coddess

The so-called Municipal Office-bearers of Kirle village, I beg to submit, have been responsible for these inhuman acts They have misused their power of their office They have dug a well in the midst of two valuable sites which is a great loss They have also spoiled another big site belonging to the Education Dept by digging a well therein When Government Officers visit the place, they manage to lead them in only good roads and not allow them an opportunity to look into the heart of the village which is an ocean of malarial parasites They never take pains to attend the eradication of the malarial disease They are rich people and can afford to play as they like and do and undo things Unless and until these persons are controlled by Government, there is no salvation at all to the poor inhabitants like us There cannot be any

P T O

be any safety for life or security of property

In conclusion, I beg to say that if my husband returns to the place without proper protection, he is sure to be murdered in no time and in turn I and my children will have to put an end to ourselves We have sustained a loss of nearly twenty to thirty thousand rupees during these threeor four years when these above Office bearers turned hostile to us ard instigated many of our customers not to resort to our shop and by other illegal and illicit means

These persons are very powerful and if proper protection is not extended to us, it is very difficult for us to continue to live in the village and get on with our profession It is at the request of some of the villagers that my husband made up his mind to relinquish all the facilities we had at our original place and shifted to this village, at great cost and trouble We have lived here for these 12½ years and it is deplorable that we should have been put into this dilemma now purely owing to the personal spite of a handful of powerful persons in the village I therefore beg of your kindself to afford us proper protection and enable us to live peacefully in the place As regards the nature and conduct of my husband and my family enquiries may kindly be made of the following gentlemen -

1 Mr Laxme Gowda, Former Vice-President
2 Mr Puttegowda " "
3 Mr Boregowda s/o Borelingegowda

OFFICE OF THE MINISTER FOR R

L S G BRANCH

Most Respected Sir,

I, the undersigned, Palamma, wife of Parkhane Lingachari, resident of Kirle village, Krishnarajanagar Tq., beg to submit the following few lines to your gracious and generous consideration and favourable orders

Myself, my husband and my children were all living comfortably at Jayapura, Mysore Taluk, running a Cart-making Factory which was our profession for livlihood. My father, Gadi Parkhane Ramachar who was living by the same profession at Kirle passed away and two of his friends, Appaji Gowda and Chamegowda of that place came to Jayapura and told us that after my father's death, there was none else who could undertake manufacture of good carts in Kirle and induced us to go with them with our bag and baggage and settle down at Kirle, as the people of Kirle were experiencing great difficulty for want of a good cart-making professional They also assured us that they would help us in securing permanent housing and other facilities We, after careful though agreed to shift ourselves to Kirle, as desired by them These gentlemen helped us to convey our family with things both of household as well as our cart-making Factory We had to transport all the wooden materials of the Factory in 32 bullock carts brought by these gentlemen We went to the village 12½ years back and we were helped to locate the Cart Factory in the same place where my father was running his Workshop. This place belonged to Subbe Gowda

After a lapse of 4 years, it happened that my eldest daughter was betrothed to one Cheluvachurya, cousin of Appajacharya, a Palace Contractor of Mysore. When my

PTO

When my relations and others assembled for the occasion of the betrothal ceremony, my good friends of Mirle namely M/s. Puttegowda, Ra egowda, Coudegowda and Subbegowda - took the entire responsibility of extending a befitting welcome to them all and bore the burden of the ceremony on themselves This is an evidence of the love and attachment the villagers have towards us After this occasion, we applied to the Vice-President, Mr Laxme gowda of Mirle Municipality to grant us four sites to construct a dwelling house and also to locate our work-shop in the new extension. We were granted the sites, and were also to pay the value thereof in instalments We put up a hut there for our dwelling and located the work-shop We continued there for about 8½ years Before we came over to Mirle, we had purchased two sites at Bilikere, Hunsur Taluk One of these sites was acquired by the village parchayat and this fact was brought to the kind notice of the Deputy Commissioner in a petition dated 28-11-39, requesting for the confirmation of the sites given to us at Mirle in lieu of the site acquired at Pilikere After sometime Mirle Municipality took back two sites out of four granted to us and gave them to others We protested against the grant of two sites to Javare Gowda and Linge Gowda depriving us of the same. Then Mr Putte Gowda a member of the Municipality came to the place explained the reason for taking these two sites to our satisfaction andin in lieu thereof the Municipality granted site No 62 with a direction to have fencing all round We put up a fencing at a cost of of Rs 200/- Immediately after this, we paid Rs 50/- to the Municipality as the first instalment towards the value of the sites and informed the same to the Deputy Commissioner in a petition dated 27-1-40. Another instalment of Rs.50/- was paid on 30-1-41 to the hands of the then Vice-President Laxmegowda and receipts Nos 54 and 55 were obtained Mr Puttegowda then became

the

the Vice-President and during his time I paid Rs 36/8/- in full payment of the value of site No 64, the value of No 63 having already been paid in full A sum of Rs 15/- was also paid in ~~full~~ ~~xxxxxxxxxxxxxx~~ as an advance towards site No 62 lately granted to me Arrears of kandayam upto that date on the sites were also paid and necessary receipts were obtained for all the payments made On 9-3-1941, a petition to the Deputy Commissioner was presented by my husband in person requesting for the confirmation of sale in favour of my husband of these sites

One Mr M S Kotegowda became Vice-President of the Municipality later At that time one Mr Boregowda with two others Messrs Ramegowda and Surappa began to give us trouble and began harassing for free service in our workshop Since we could not oblige them, they began creating parties against me and caused a sidden issue of a notice (copy enclosed for kind information) from the Municipality to the effect that the site No 62 was resumed and granted to another man and that we should take back the advance given towards that site It was here that the trouble began between us and the Municipal Office-bearers They began to induce our customers not to resort to our Workshop and they also managed to stop the issue of Kerosene oil etc , to us They tried practically to isolate us from other inhabitants of village They never allowed our "Miras" at Sri Angeneeyaswami Para while others of our community got the same They did not even allow us to offer our worship at the Jathras of Hulasamma and SriRamadevaru We were begun to be treated as outcastes in all ways We tendered the balance of value due on site No 62 which was refused by the Vice-President as he said that this has been allotted to some other man We petitioned about this to the Amildar Krishnarajanagar Taluk, who held an enquiry on 14-6-46, when Mr Puttegowda former Vice-President explained to the Amildar that the

P T O

that the site No 62 had been allotted to my husband and that the balance of money tendered should be received Amildar also said that the amount had to be received But the Vice-President did not give effect to the - Amildar's opinion, and issued a notice dated 1-7-46 stating that the workshop had to be stopped and the fencing round the site should be removed It was mentioned in the notice that the workshop was a source of nuisance to the village causing insanitation and malaria etc It was also stated that steps would be taken against us according to Municipal rules, if the instructions in the notice are not attended to This notice caused us much grief and fear and were thinking as to what - should be done All of a sudden one day a Municipal peon approached our premises at about 10 A.M. in the absence of my husband, with some scavengers and began to remove the fencing of the site No 62 I and my daughters were - engaged in worshipping and other domestic duties, when I saw Mr Ramegowda on the scene. I requested the Party not to remove the fencing and trespass our premises in the absence of the Yejman of the family I obstructed the party in their action but Ramegowda remonstrated at this and warned those people that their salary would be stopped, if they did not push on with their work They removed the fencing but by the grace of God just at that time were given to understand that Sub Division Officer and the Amildar were camping at the T B where I and my children went and represented our distress and the havoc done to our place Meanwhile my husband also returned and seeing the havoc, ran up to the T B and reported every thing to the officers They took an application from him and after inspecting the spot said that an endorsement would be issued after going through the records I regret to say that nothing has been done till today On the very night there was a clique among those people in the village to arrange

to arrange to murder my husband and throw him away in the channel nearby We got a scent of this and my husband - fled away for fear of hislife, leaving his family of 8 souls unprotected, to the mercy of the Almighty I and my children Sir, are now under the mercy of these tyrants who are bent upon smashing to pieces all of us We are left without food and proper shelter and our property is exposed to danger Even our own neighbours have turned against ~~mx~~ us at the instigation of the so-called Office-bearers We were not able to know the whereabout of my husband and were placed in a fit of dilemma as to how we have to sustain our lives till help came to us We are tired of this life In the neighbouring village a woman under similar circumstances drowned herself with her 5 children which fact is evidenced by Police record I, however, took courage and left my children at the place and went out in search of my husband from village to village and at last came to Mysore where I fourd him living at Kalamma Temple under the care of the Goddess.

The so-called Muhicipal Office-bearers of Mirle village, I beg to submit, have been responsible for these inhuman acts They have misused their power of their office They have dug a well in the midst of two valuable sites which is a great loss. They have also spoiled another big site belonging to the Education Dept by digging a well therein When Government Officers visit the place, they manage to lead them in only good roads and not allow them an opportunity to look into the heart of the village which is an ocean of malarial parasites They never take pains to attend the eradication of the malarial disease They are rich people and can afford to play as they like and do and undo things Unless and until these persons are controlled by Government, there is no salvation at all to the poor inhabitants like us There cannot be any

P T O

be any safety for life or security of property

- In conclusion, I beg to say that if my husband returns to the place without proper protection, he is sure to be murdered in no time and in turn I and my children will have to put an end to ourselves We have sustained a loss of nearly twenty to thirty thousand rupees during these threeor four years when these above Office bearers turn hostile to us ard instigated many of our customers not to resort to our shop and by other illegal and illicit means

These persons are very powerful and if proper protection is not extended to us, it is very difficult for us to continue to live in the village and get on with our profession It is at the request of some of the villagers that my husband made up his mind to relinquish all the facilities we had at our original place and shifted to this village, at great cost and trouble We have lived here for these 12½ years and it is deplorable that we - should have been put into this dilemma now purely owing to the personal spite of a handful of powerful persons in tne village I therefore beg of your kindself to afford us proper protection and enable us to live peacefully in the place As regards the nature and conduct of my husband and my family enquiries may kindly be made of the following gentlemen:-

1 Mr Laxme Gowda, Former Vice-President
2 Mr Puttegowda " "
3 Mr Boregowda s/o Borelingegowda
4 Mr Kotegowda residing in the new Extension
5 Mr Moolehatti Gujjegowda
6 Mr Sannaramegowda
7 Mr Doddahatti Laxmegowda
